TORONTO, ON November 29, 2021 - Pool Safe Inc. ("**Pool Safe**" or the "**Company**") (TSXV: **POOL**) is pleased to provide an update to shareholders for its Q3 2021 financial filings as well as the Company's expectations of upcoming deliverables and accomplishments.

CEO MESSAGE TO SHAREHOLDERS:

"The second half of 2021 is proving to be an extremely busy time, with interest in the PoolSafe product greater than at any point in the Company's history," said Mr. Berger, CEO of Pool Safe. "It was our goal to achieve and surpass our internal pro-forma numbers that were set pre-pandemic, and I am extremely pleased to advise our stakeholders that we have exceeded our 2021 plan. We did this with the constructive assistance of our supply chain partners despite the challenges to overcome significant backlogs and bottlenecks. Although we are still seeing delays with the supply chain, we are confident we will succeed and continue to improve our efficiencies moving forward. "

Mr. Berger went on to state "The team and I had pledged to do everything we could to navigate the COVID-19 pandemic. We remained positive, stayed nimble and have emerged much stronger as a result of our focused efforts and commitment."

MARKETING AND TRADESHOWS

In the past two months, the Company attended two of the industry's top tradeshows. In October, the World Waterpark Association ("WWA"), a trade association that serves waterparks and aquatic venues, held its 2021 annual symposium and tradeshow in San Antonio Texas. In November, the International Association of Amusement Parks and Attractions ("IAAPA"), representing over 6,000 amusement-industry members in more than 100 countries worldwide, held its annual event in Orlando Florida. Both shows proved to be extremely successful and, will likely be the most rewarding events the Company has ever attended. The enthusiasm within the industry was unmistakable and interest in our PoolSafe product has never higher.

REVENUE SHARE PARTNERSHIPS

The Company is pleased to announce that all orders and deliverables outlined in our August 2021 message to shareholders have been completed. To-date the Company has delivered well over 400 new units under its Revenue Share Program and before year end expects to deliver PoolSafe units to a further five to eight new and existing locations.

We look forward to continuing to achieve and potentially exceed our projected milestones which are focused on the Company achieving its goal of becoming a profitable, dividend paying company. Once again, we are grateful for your continued support.
